

YAFTERSCHOOL™

We build strong kids, strong families, strong communities.

Parents,

The kids wrapped up their learning about the Legislature this week by visiting the Wyoming Legislature. They also used lemon juice as invisible ink and enjoyed “Ants on a log” for their healthy snack. They also have been learning what games kids in other countries enjoy playing. They’ve enjoyed freeze tag, 15 seconds, down down down, and many more from such countries as Australia, Great Britain, New Zealand and more.

This coming week our teens from our teen afterschool program will be presenting the after school kids with a fun play called, “15 Reasons not to be in a Play”. If your child is in 6th grade and you are wondering where to take them next, find out more about our teen afterschool program from Antron. His e-mail is:

aansley@cheyenneyca.org.

There is still room for your kids in our summer camp. It begins Monday, June 7 and runs all summer right before the new school year begins. Sign up at our front desk or ask one of our counselors for more information.

Next time you are at our website at www.cheyenneyca.org, click the “child care” tab and check out our new monthly newsletter. We have photos and stories all about our after school and teen programs. We also have our weekly schedule too so you can see what your child is doing every day.

Have a great week,

Thanks

The YMCA Afterschool Staff
