

## Connecting to our Community

### Open Doors Program

The Cheyenne Family YMCA recognizes that many of the children and families throughout Cheyenne who could benefit the most from Y programs and services cannot afford to participate. The YMCA's commitment to our communities assures that financial assistance is available to those that qualify. Our Open Doors Program allows for all to apply to for financial assistance. Our Community Support Campaign encourages our members and other donors in the community to provide financial assistance for kids and their families to be able to experience the benefit of YMCA childcare, youth sports, teen leadership, and memberships.

The Cheyenne Y is the unparalleled leader for strengthening community because we are the community. We are a powerful association of men, women and children joined together by a shared commitment to nurturing the potential of kids, promoting healthy living and fostering a sense of social responsibility.

We believe that lasting personal and social change can only come about when we all work together to invest in our kids, our health and our neighbors. That's why, at the Y, **strengthening** community is our cause. Every day, we work side by side with our neighbors in our community to make sure that everyone, regardless of age, income or background, has the opportunity to learn, grown and thrive.

## YOUTH DEVELOPMENT

Because we believe that all kids deserve the opportunity to discover who they are and what they can achieve, the Y is for Youth Development. Through the Y, millions of youth today are cultivating the values, skills and relationships that lead to positive behaviors, better health and educational achievement. Y activities give our children the opportunity to become confident kids today and healthier, happier grown-ups tomorrow.

## HEALTHY LIVING

Improving Cheyenne's health and well-being is a priority for our Y. At the Y, we help children and adults understand and value their health, and we nurture their well-being. We offer resources and guidance to maintain or improve physical activity, health and wellness. The Y brings families closer together, encourages good health and fosters **connections** through fitness, sports, fun and shared interests. As a result, youth, adults and families are receiving the support, guidance and resources needed to achieve greater health and well-being for their minds, body and spirit.

## SOCIAL RESPONSIBILITY

At the Y, strengthening community **connections** is our cause. The Y has been listening and responding to our communities' most critical needs for 53 years. Whether developing skills or emotional well-being, welcoming and connecting diverse populations or advocating for healthier communities, the Y fosters the care and respect all people need and deserve.

All across Laramie county, our staff and volunteers are kids, parents, grandparents, neighbors and local leaders who are all personally committed to understanding what our neighborhoods need. Together we can build stronger, more inclusive communities, provide support for families and promote positive change overall.
